

Enjoy Old San Juan on a walking tour!

Wandering through the narrow streets of Old San Juan, founded in 1521, is a journey through history. It's a sight you shouldn't miss, especially since its buildings and fortifications are among the best preserved in what once were Spain's colonial cities. Follow suggestions on key places to visit (see map). If you need more information, the personnel at the Tourism Information Center (map O4-B) will be more than glad to assist you.

Center open generally 9:00am - 5:30pm and when cruise ships are in port.
Call for hours, 787-722-1709.
